

# KEEPING ALBUQUERQUE BEAUTIFUL

Joe Lovato, fleet specialist for the Albuquerque, New Mexico Solid Waste Department, loves his fleet of side-loading Condors. His drivers love the roomy cab, the superior visibility and the smooth ride. Joe raves, "When my drivers are happy, they're more productive. That's good for business." What does Joe think of the Condor's all around performance and durability? "We bought 10 Condors this year and I've already ordered 8 more for 2006." That's what we call a satisfied customer.

To find out more about Condor's full line of refuse vehicles,  
call 1.888.253.8725 to locate a dealer near you today.  
Come see us at the Waste Expo, booth #4148
